Help Us Celebrate New Mexico’s Teachers

Partnership & Sponsorship Opportunities

goldenapple
Foundation of New Mexico
Hello Friends

Excellent teachers inspire students to learn, think, and create. At the Golden Apple Foundation of New Mexico, we catalyze educator excellence through recognition, professional development, and community engagement. See our full story on our website.
The Golden Apple Foundation of New Mexico has been recognizing exceptional teachers in New Mexico since 1994. Our vision is to improve education in our state by inspiring and engaging educators through professional development programs and our community of excellent teachers.
OUR PILLARS

Foundations for Teacher Success

Inspire NM’s Teachers

We aim to enhance educational and Professional Development for our teachers with resources, grants & scholarship, and an active community of past winners.

Celebrate with Awards

The core of Golden Apple is our teacher recognition programs. We celebrate our Golden Apple Fellows and Teachers of Distinction at our Award Events.

Engage with Partners

We have amazing sponsors and community partners. Many of our partners offer grants and professional development tools and programs for teachers.
Seven teachers receive the Golden Apple Excellence in Teaching Award yearly at our Tribute Luncheon. We honor educators who demonstrate classroom excellence, professional commitment, and a desire to elevate education in New Mexico. Recognition rotates among high school, middle school, and elementary school teachers in a three-year cycle.
Our Statewide Impact in New Mexico

We are honored to represent teachers from every corner of our state and have greatly expanded our virtual learning programs to provide quality professional development to educators for grades PreK-12.

Professional Development & In-Kind Sponsors
Generous Sponsors Help Us Inspire Teachers

Professional Development

$5,000-$20,000
Golden Apple Foundation provides opportunities for teacher professional development periodically throughout the year. Keynote speakers and presenters from across the United States have been invited to present and share their expertise, helping to broaden the perspectives for educators in New Mexico. During COVID, Golden Apple shifted gears and began offering virtual professional development. The result has been the opportunity to better support educators in every part of the state.

Fellow Sponsorship

$10,000
Sponsorship for one teacher Fellow of our seven teacher Fellows each year. Each Fellow teacher gets $5,500 in grants and stipends to further their education. See their stories on our website.

Teacher Grants & Scholarships

$100-$20,000
Through the years, the Golden Apple Foundation of New Mexico has proudly provided scholarships and grants to teachers, supporting their innovative ideas and lessons. Grants have provided support to create new and innovative science experiments, help students to explore music from other countries, and broaden the learning experience. The grants and scholarships are possible through the generosity of our Golden Apple partners and donors.

In-Kind and Volunteer

$0 – Time Donations Are Priceless
Our Board and Executive Director need help in many areas to make Golden Apple even better. We appreciate the time donations of our volunteer board and supporters.
